DETAILED ACTION

Status of the Application

Receipt of the Request for Continued Examination (RCE) under 37 CFR §1.114, the Supplemental Information Disclosure Statement, the Amendment and Applicant's Arguments/Remarks, all filed 03/29/04 is acknowledged.

Claims 1-4, 7-20, 78-79 and 93-100 are pending.

Allowable Subject Matter

Claims 1-4, 7-20, 78-79 and 93-100 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the prior art fails to disclose or fairly suggest dosage forms of thyroid hormones prepared using compression pressures of less than 5000 psi/g. The low compression pressure claimed by Applicant limits the amount of moisture liberated from excipient particles during compaction, and thus improves the stability of the dosage form. Additionally, the prior art fails to disclose or suggest treatment of thyroid hormone with a hydrophobic powder. Said treatment reduces degradation of the composition by moisture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
